

## STEP ONE

### DOWNLOAD THE APP

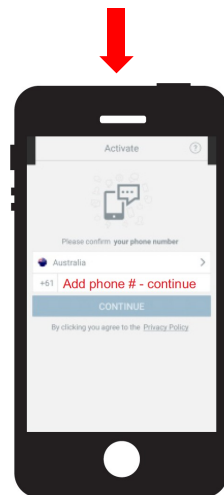

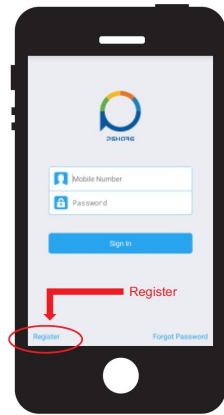

Go to the Apple App Store or Google Play to download the “Pshare” app.

Look for this icon then download / install to your Smartphone.

## STEP TWO

### REGISTER FOR A NEW ACCOUNT

## STEP THREE

### SCAN AND OWN THE BOLLARD

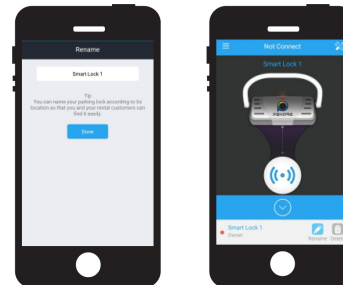

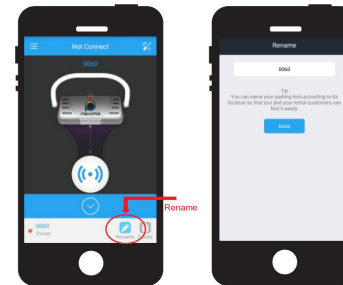

**This step is for lock owners only.**

The serial number for the parking lock is found underneath the black lid

## STEP FOUR

### NAME THE BOLLARD

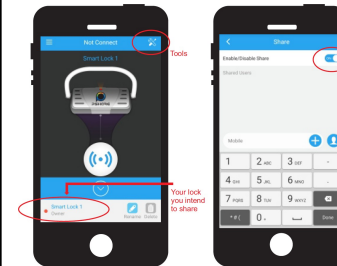

You can name your bollard whatever you like

## STEP FIVE

### SHARING THE BOLLARD

- 1) Select the bollard you intend to share.
- 2) Click the tools button at the top of the screen.
- 3) Ensure the device is then enabled to share.

- The new user must be registered with the Pshare app
- Enter their phone number and then add them by hitting the “plus” button
- Your phone should display “share success”
- If it doesn’t work the first time, try the following combinations
- “61 [mobile number]”
- “61 [mobile number removing the 0]”

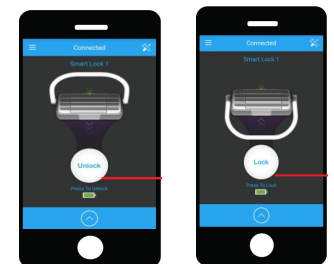

## STEP SIX

### CONNECTING THE BOLLARD

- Ensure bluetooth is enabled
- Click on the bollard name you wish to connect to
- Once you have selected the bollard and are within a 15-20m range, click the large round button on the screen. – this will connect your phone to the bollard through your bluetooth function.

Once connected, it will display “connected” on your screen. The icon for your bollard will also change from red to green

**SETUP IS NOW COMPLETE**

One touch button makes it easy to use
