

REMOTE CONTROL PROGRAMMING

If you have purchased remote controls from us and need to program them to your bollard, we invite you to go through the below steps. Once you have gone through these steps, if you are having no success, please contact us for additional support on 1300 583 231 or email us at info@securspot.com.au

- 1) Open your Kavass App.**
- 2) Select the bollard you wish to program remote(s) to.**
- 3) From the top burger menu, select Remote Programming.**
- 4) Follow on screen instructions to program.**

Repeat the process for any additional remote controls.

Tried everything and not working? Please contact our team on 1300 583 231 or via email at info@securspot.com.au to assist.
